vs

President Barack Obama

alias Barry Soturo

alias Little Black Bastard

Born in Kenya South Africa

Complaint

As for the United States Constitution a President must attain the 35 yrs of his birth and be a natural citizen by birth of the United States of America. Ms Obama on a recent televised interview with Oprah Winfrey show slipped and said that her husband was born in Kenya South Africa. The President shows a bogus birth certificate from Hawaii that does not show what hospital or who delivered him. In relief we the People are asking that Barack Obama alias Barry Soturo, alias Little Black Bastard be arrested for fraud and imprisoned immediately
